REMARKS

In the Office Action dated November 15, 2005, claims 61-63 were provisionally rejected under the doctrine of obviousness-type double patenting. Said Office Action erroneously based this provisional rejection on Application 10/680,929. Examiner has indicated by phone that the correct application on which said provisional rejection was intended to be based is 10/681,444, as memorialized in the Interview Summary mailed December 21, 2005. Because this rejection is provisional, because 10/681,444 has not issued or been indicated to be allowable, and because the present application is otherwise allowable, Applicant submits that the provisional double-patenting rejection must be withdrawn.

Applicant requests allowance of claims 61-63.

The Commissioner is hereby authorized to charge any additional fees or credit any overpayment to the deposit account of McAndrews, Held & Malloy, Account No. 13-0017.

Date: 4/28/06

Respectfully submitted,
